

SPECIAL PROJECT

Where Does Your Family Come From?

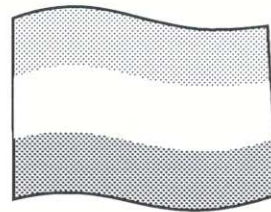

Research your family flag or the flags of people in your community. Find where your ancestors originated and draw that flag in the space below. Find where someone else in your community came from and draw that flag. Then cut out the flags, tape each one to a straight pin and match the flag to its country on a world map. Stick the flag into the map. What does the map look like when everyone in your class has put up their flag? What does that tell you about the people in Idaho?

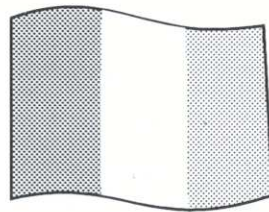

Denmark

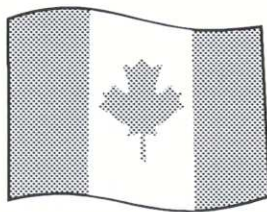

Poland

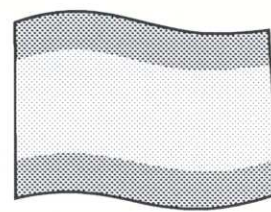

Netherlands

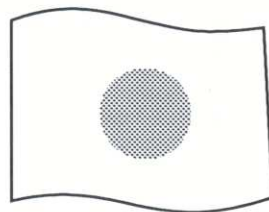

France

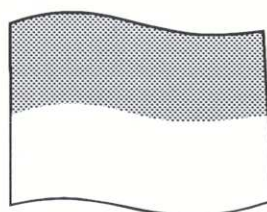

Canada

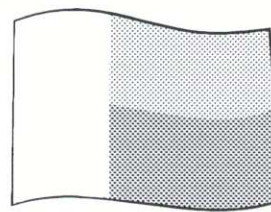

Spain

Japan

Indonesia

Madagascar
